

Fenix II

- For grinding & polishing overlays & concrete

Our FENIX series is perfect for grinding and polishing of cementitious toppings (overlays or screed) and concrete. Thanks to its flexible pads it is also a good problem solver in case of minor low spots when grinding and polishing concrete. The FENIX grinding pads can also be used in the HTC Superfloor™ process. The pads are easy to attach on Velcro holders under the HTC's machines. The tool series uses a clear color coding which simplifies the grinding process.

Fenix 3 Grey - 40 grit

Our FENIX II 3 is a tool perfect for grinding of cementitious toppings (overlays/screed) and concrete. Our 5" pad is developed for handheld machines. Thanks to its flexible pads it is also a good problem solver in case of minor low spots when grinding and polishing concrete. The FENIX grinding pads can also be used in the HTC Superfloor™ process.

Available in 5" (212447-3), 7" (212448-3), 9" (212449-3), 11" (212450-3)
