

Husqvarna PG 450

Husqvarna PG 450 is a versatile planetary grinder for all kinds of floor applications, with many self-adjusting benefits, and is perfect for both small/big areas. It is ideal for both professional and do-it-yourself users.

**Available mid-July/2014.*

EASY TO USE

Easy to use as the speed is fixed and no settings are required. The machine also has an user friendly logical control panel (HMI) with overload protection

EFFICIENT DUST MANAGEMENT

Efficient dust management thanks to the self adjusting floating cover with brush list, which follows the surface and gives a tight seal to prevent the dust from entering the working environment.

EASY TO TRANSPORT

The machine is light and easy to transport and set-up. It fits easily in any car thanks to the compact design and foldable frame which is dividable in main parts. A new quick release cable to facilitate transport and set-up

ERGONOMIC WORKING POSTURE

Adjustable handle bar makes the setting of an ergonomic operation position easy.

Features Husqvarna PG 450

- Hour meeter
- Easy change of diamond tooling
- -A versatile machine. The planetary drive gives a versatile and easy to use grinding machine that can do most applications i.e. coating removal, concrete grinding and concrete polishing.
