# Twister™

## Methods Guide

### Daily Cleaning\*

(All floors)

Use Twister™ Green and water for daily cleaning in standard traffic areas.

### Daily Cleaning

(High traffic areas/Uncoated floors)

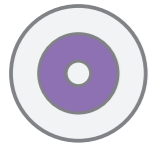

For daily cleaning in high traffic areas use Twister™ Blue and water.

### Daily Cleaning

(Ceramic Tiles)

For daily cleaning on ceramic tiles use Twister™ Orange and water.

### Daily Cleaning

(Coated floors)

For daily cleaning of soft floor finishes use Twister™ Purple and water. Twister™ Purple and water is also suitable for daily cleaning of any delicate floor surface.

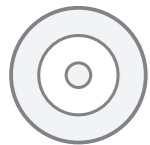

### Daily Burnishing

(Coated floors)

For daily dry burnishing of coated floors use the Twister™ Gray pad (<3500 RPM).

## Standard and Intensive Upgrade\*\* of Stone floors

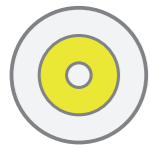

(Normal traffic areas)

#### Step 1 – Twister™ White

**Standard upgrade:** Clean the floor with Twister™ White and water for 2-4 weeks (follow daily cleaning routines).

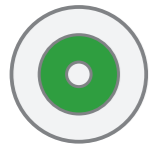

**Intensive upgrade:** Scrub the floor with Twister™ White and water, make 10 passes.

#### Step 2 – Twister™ Yellow

**Standard upgrade:** Clean the floor with Twister™ Yellow and water for 2-4 weeks (follow daily cleaning routines).

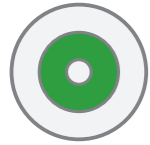

**Intensive upgrade:** Scrub the floor with Twister™ Yellow and water, make 10 passes.

#### Step 3 – Twister™ Green

**Standard upgrade:** Continue to clean the floor with Twister™ Green and water in the daily cleaning. (If needed switch to Twister™ Yellow during winter season)

**Intensive upgrade:** Scrub the floor with Twister™ Green and water, make 10 passes.

#### Step 4 (Optional) – Twister™ Green

**Intensive upgrade:** Dry buff the floor with Twister™ Green (<3500 RPM).

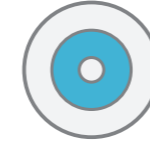

## Upgrade\*\* of High Traffic Areas

(Uncoated floors)

#### Step 1 – Twister™ Orange

Clean the floor with Twister™ Orange and water in the daily cleaning 2-4 weeks.

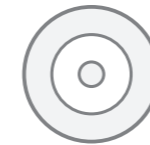

#### Step 2 – Twister™ Blue

Clean the floor with Twister™ Blue and water in the daily cleaning to further enhance the quality and preserve the cleanliness and shine of the floor.

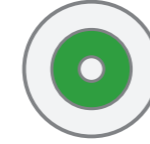

## Intensive Upgrade

(Resilient floors, e.g. PVC, Linoleum, Vinyl, Rubber also for Oiled wooden floors)

#### Step 1 – Twister™ White

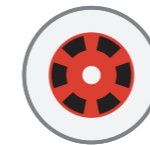

Scrub the floor with Twister™ White and water until marks and stains are gone (Will also top scrub floor finish).

#### Step 2 – Twister™ Green

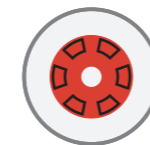

Dry buff the floor with Twister™ Green (<3500 RPM).

## Restoration of Stone floors:

#### Step 1 – Twister™ Hybrid Black

Hone the floor with Twister™ Hybrid Black and water using a single disc machine or scrubber drier. Scrub for approx. 1 min/m<sup>2</sup> or make 10 passes.

#### Step 2 – Twister™ Hybrid Red

Hone the floor with Twister™ Hybrid Red and water using a single disc machine or scrubber drier. Scrub for approx. 1 min/m<sup>2</sup> or make 10 passes.

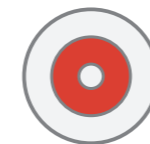

**Note!** After honing with Twister™ Hybrid please follow either the Standard upgrade, Intensive upgrade or upgrade of high traffic areas procedure.

## Chemical Free Stripping

**Twister™ Extreme Red**

Scrub the floor with Twister™ Extreme Red and water until the floor is stripped. Calculate 1-2 passes/layer of floor finish.

## Chemical Free Deep Cleaning and Top-Scrubbing

**Twister™ Red**

Scrub the floor with Twister™ Red and water to deep clean and/or remove the top layer/layers of floor finish

\*Daily cleaning means regularly performed cleaning with an auto-scrubber.

\*\*Upgrading means to upgrade a floor from dull and dirty to shiny and clean.
