

AMERIPOLISH® CLASSIC DYES

Solvent-Based Penetrating Dyes for Polished Concrete

Originally designed specifically for polished and exposed concrete, the Ameripolish® Classic Dyes penetrate into the surface of the concrete slab for extremely long-lasting color that will not wear from daily usage. Classic Dyes can be used as a base color or touch up for concrete that has received integral color, dry shake hardeners, acid stains or even layered to create a truly unique, mottled effect.

Features

- Solvent-based, mixes with acetone, available in 22 colors
- Colors penetrate the surface and never wear off
- Will not grind off during resin grinding stages of polished concrete
- Coordinates with Ameripolish Edge Tints for a seamless wall-to-wall floor solution
- For indoor use only

CLASSIC DYES DETAILS
