

# TWISTER™

## Twister™ Extreme Red, Heavy duty floor pad

### Technical data sheet

**Product description:**

Nonwoven pad made from recycled PET blend with natural hair impregnated with microscopic diamonds bound in resin. Diamond abrasive applied on one side of the pad. Thickness of the pad is approximately one inch. Shape and outer diameter varies.

**Intended use:**

The pad is developed to be used for heavy duty tasks such as stripping of coated floors, light honing and restoring of hard floors.

**Durability and limitations:**

Lifespan up to 4 000 m<sup>2</sup> (when used in stripping resilient floors).

**Sizes:**

12\*20", 24", 27", 14"\*20", 14"\*28" and 14"\*32" Other sizes and shapes available upon request.

**Product Characteristics:**

Pad color: grey and black fibres. Diamond impregnation is red.

Marking: All markings are on one side of the pad (opposite side to the diamond impregnations). The markings consist of "Twister™ Extreme", "Red", the dimension in inches and "Machine Side" Centre hole: Pre-cut at 3 1/4" (82,6mm).

**Typical properties:**

Property	Value	Test Method
O.D Dimension	Designated size +/- 1/16 inch (1,6 mm)	
Thickness	26 mm +/- 10%	D5736-95
Weight	1255 g/m <sup>2</sup> (without impregnation)	D6242-98
Fiber type	Recycled PET/natural hair	
Average tensile strength	65 lbs/2 inch	D461.12-93
Recycle content of packaging	At least 35% post-consumer recycled material.	

**Directions for use:**

1. Dry mop the floor. Dry mopping improves the cleaning result as well as the cleaning economy
2. Mount the Twister™ pad on a Velcro holder. The printed side facing the machine and the diamond impregnated side facing the floor.
3. Scrub the floor

**Maintenance of pad:**

Rinse the Twister™ pad thoroughly with water after each use. This ensures the proper function of the Twister™.

**Packaging:**

2 Pads/package.

**Special Features:**

Mechanical heavy duty cleaning method using only water in the cleaning. No chemicals required.

Works on both coated and uncoated floors.

Twister™ replaces traditional chemical-based cleaning methods using the same routines and machines but with diamonds instead of traditional abrasives, thus maintaining the floor surface in the daily cleaning resulting in a less environmental impact and lower overall cleaning costs.

Twister™ fits all standard cleaning machines.
