

# What Sets Ram Board Apart?

## Ram Board Prints Your Logo

We see each of our dealers as partners and want to help you succeed. Ram Board helps you market your company by printing your company logo and contact information every 3' on the board at **NO COST TO YOU**. We only ask for a **3 PALLET MINIMUM ORDER**. Having your logo on the board for every trade on a jobsite to see is invaluable.

## Ram Board Sends You Leads

Because Ram Board is the #1 choice in the construction industry, we get hundreds of contractor requests for our products every month. We connect these contractors with you, our authorized dealers, and in many cases, they end up buying a lot more than just Ram Board. This not only means increased sales but also a potential long term account.

## Ram Board's Spill Guard™ Works

Though some companies claim to have a similar technology to Ram Board's innovative Spill Guard™, when tested, many fall short. Some companies' product resists standing water for only 5 minutes! Ram Board's Spill Guard™ **REPELS WATER FOR DAYS AND NOT JUST HOURS!** Water, paint, mud & more are no challenge for our spill protection. We encourage you to pour water on our board and see for yourself.

## Only Ram Board Has Wall Guard™

Due to contractor demand, Ram Board has engineered another exclusive feature to our heavy-duty rolls. Wall Guard's™ factory creases allow for easy folding along the entire length of every roll. This creates an **UNMATCHED PROTECTIVE BARRIER FOR WALLS, BASEBOARDS, AND PERIMETERS**. Only Ram Board has our patent pending Wall Guard™ technology. Same product, same cost, added feature.

## Ram Board Has Vapor-Cure™

Ram Board has engineered the first and only complete Vapor-Cure™ system. **BOTH RAM BOARD AND OUR VAPOR-CURE™ TAPE ELIMINATE CURE LINES AND PROMOTE EVEN CURING**. Other products can cause cure lines and leave behind blotchy finishes. This is why architects spec Ram Board worldwide. Are you willing to take a chance on your customer's slab with anything less?

## Ram Board Is Trusted By All

Ram Board is the #1 trusted brand among contractors, architects, & homeowners. It's also the #1 trusted brand among home improvement TV networks and shows translating into millions of viewers per year. This widespread national media coverage helps drive sales to our authorized dealers. In addition, Ram Board is spec'd by architects on large commercial jobs nationwide.

## Ram Board Ships Same Day

Ram Board understands the value of having inventory for your customers when they need it. **YOUR STANDARD ORDERS SHIP OUT THE SAME DAY** (few exceptions apply). We strive to provide you with the best service in the industry.

## Ram Board Helps You Sell

We understand that our success is linked to our dealers. Because of that, we do whatever we can to help you sell. Whether it's free sample rolls for your big accounts, sample pieces for all your customers, private labeled informative flyers for your counters, banners to hang in your store, product DVD's to have running on TV's or helping with email campaigns to reach your customers, we'll provide the resources you need. We'll help however we can and we're always open to new ideas!

## Ram Board Is The Greenest

Ram Board is committed to being a good steward of the environment. It is composed of 100% recycled materials and has the highest post consumer percentage at 95%. If that wasn't enough, Ram Board contributes toward LEED credits and is FSC® certified. Be good to the environment and to your project, protect them with Ram Board!
