

A Message From The CEO

Price Review - Effective from July 1st 2021

Why are we reviewing our prices?

“ We have made major improvements to all our models in the transition to **Generation 3**. We also have the **new Generation 3 Power Pack** coming soon with many improvements. (See attached for further details)

Some other contributing factors to these price alterations include component and raw material price increases.

These updates will allow us to deliver even more products in the future and continue to provide an exceptional service to you, our valued distributor.

We thank you for your continued support at this particularly difficult time. ”

Imre Killi
Inventor & CEO - MotorScrubber
