PAIRS WITH:

ENGINEERED DESIGN

- The S3 Dust Extractor is specifically made to remove dust produced by working with concrete
- It works best when connected to a grinder, scarifier, shot blaster, or saw that is small to medium in size
- The S3 has a 3-step filtration process that allows for continuous operation without filter clogs
- The filter can be cleaned without having to open the unit, and the dust can be collected in a Longopac bag
- Ideal vacuum for the VA25 S machine

FEATURES

- Manometer
- Sound/light signal for clogged filters
- Air pulse filter cleaning
- Strong wheels
- High-quality conductive suction hoses
- High-level particle filtration
